On October 23, 2022, Xi Jinping sealed his third term as the head of China's ruling Communist Party. The symbolic move, after years of continued lockdown, censorship, and crackdown on dissent, marks the final departure from an era of reform and increasing openness in which our fellow Chinese students were born and raised. The Chinese character “奠” as in this poster represents the sorrowfulness for the deceased. And now it is what we shall say about all that we have lost or will lose in the years to come.
